Methodist Hospital of Dallas
Dallas 8, Texas

Dear Miss Rushing:

Enclosed is a graduating gift to you from Miss Minnie E. Pohe, Chief, Office Nurse Education and Resource Division of Nursing, Federal Security Agency, Washington 26, D. C. who has been very much interested in our Commencement Exercises for your class - the last cadet class in history.

This is a rare copy of the original manuscript of the United States Cadet Nurse Corps March by Beatrice and Edmund Ziman.

These copies were made in Washington last month especially for the graduating cadets at Methodist Hospital of Dallas School of Nursing.

You will want to treasure the copy of this song through the years.

Sincerely yours,

Mary Price Smith
