

U.S. Public Health Service Nursing

Public Health Service March

The Mission of our service
Is known the world around

In research and in treatment
No equal can be found

In the silent war against disease
No truce is ever seen

We serve on the land and the sea
For humanity

CADET NURSE CORPS PLEDGE

At this moment of my induction into the United States Cadet Nurse Corps of the United States Public Health Service:

I am solemnly aware of the obligations I assume toward my country and toward my chosen profession;

I will follow faithfully the teachings of my instructors and the guidance of the physicians with whom I work;

I will hold in trust the finest traditions of nursing and the spirit of the Corps;

I will keep my body strong, my mind alert, and my heart steadfast;

I will be kind, tolerant, and understanding;

Above all, I will dedicate myself now and forever to the triumph of life over death.

As a Cadet Nurse, I pledge to my country my service in essential nursing for the duration of the war.
